Rental Policy

Plants available for rental:

All hardy foliage plants may be rented. All flowering plants including annuals and perennials are excluded.

Windmill Nursery reserves the right to exclude any plant not withstanding.

Rental period: Up to 3 days (72 hours).

Method for computing price of rental:

25% of the retail price of the plants plus any delivery and pickup charges if applicable.

Deposit:

A deposit equal to the value of the plants will be required unless renter already has an established account with us. Cash, M/C, Visa, Discover and American Express are accepted. (Checks will not be accepted)

Conditions:

Renter agrees to maintain plants in a resalable condition. Depending on conditions, renter may have to water plants while in renters' possession. Renter agrees to pay for any plants that are damaged, destroyed or stolen while in renters' possession. Possession is defined as the period of time between delivery and pickup.

Transportation:

Delivery and or pickup is not included in the rental price, however, it is strongly suggested that you purchase this service as well to insure that the plants are not damaged and that all or part of your deposit is not forfeited. If you wish to transport the plants yourself, it must be done in an enclosed vehicle or trailer (ie van, horse trailer, sports utility vehicle) not an open pickup truck.

I agree to the above conditions: _____
